## DORSET NATURAL HISTORY AND ARCHAEOLOGICAL SOCIETY

about us

The Dorset County Museum was founded in 1846 to save the geology, wildlife and history of a county under threat from the newly developing railway network. Over the following years the Museum's collections grew, and in 1928 the Museum joined forces with the Dorset Natural History and Antiquarian Field Club to form the Dorset Natural History and Archaeological Society. Today the Society runs a wonderful Museum with unique collections of local art, literature, geology and archaeology. By becoming a Member of the Society, you can help us ensure that Dorset's rich heritage is preserved for future generations.
